INTRODUCTION

Derwen College strives to achieve the highest standards of operations and service in all its activities. Complaints and concerns are welcomed as they provide the College with the opportunity to address the issues raised, and to make continuous improvements.

RESPONSIBILITIES

The Principal & CEO is responsible overall for this policy and procedure and its implementation. The Leadership Team are responsible for supporting the Principal & CEO in ensuring it is followed. The Company Secretary will maintain the central logging system. All staff are responsible for ensuring complaints and concerns are reported through the correct channels, and endeavouring to resolve matters informally where reasonable and possible.

OUR COMMITMENT

Complaints and concerns will be dealt with in line with this policy and procedure, to provide a timely and appropriately thorough response to the person raising the complaint or concern.

Complaints and concerns will be investigated in a non-confrontational manner, with the overarching aims of user and stakeholder satisfaction, and of meeting the *principles of good complaints handling*¹:

- Getting it right
- Being customer focused
- Being open and accountable
- Acting fairly and proportionately
- Putting things right
- Seeking continuous improvement

Appropriate confidentiality will be maintained. External agencies may be consulted where necessary and reports made to the appropriate authorities as required, e.g. Care Quality Commission, Charity Commission.

WHAT WE ASK OF COMPLAINANTS

Derwen College staff will always treat with respect and courtesy those with whom they come into contact during their work. This includes students, their parents/carers, and third parties, as well as colleagues. The College expects that its staff will be treated with reciprocal politeness. If a complainant is not satisfied with the response that they have received, they should ask for their complaint to be escalated to a member of staff on the next level of seniority.

SUPPORT FOR STAFF

The College recognises that staff who are the subject of a complaint may need support. Staff affected in this way should speak to their line manager in the first instance, and/or Human Resources, as required, to discuss the support available.

TRAINING

All staff can be in a position to receive a concern or complaint from any source and therefore mandatory training will be given to all staff on how to handle these appropriately.

TIMEFRAME

Complaints and concerns will be responded to as swiftly as possible.

An initial acknowledgement will be issued within one working day² of receipt by the College. The outcome of the investigation into the concern/complaint will be issued within ten working days of the issue of the acknowledgement of receipt. If a meeting is considered the most appropriate method to communicate and discuss the outcome, the setting of the meeting date will be done within the ten-working day timeframe.

If an appeal is received, an initial acknowledgement will be issued within one working day of receipt by the College.

The appeal will be heard as soon as possible after receipt, and the outcome communicated within one working day thereafter.

DOCUMENTATION

Correspondence and documents relating to a complaint or concern regarding a student will be stored electronically with their file. All complaints and concerns are logged on a confidential central database.

ACTIONS FOLLOW UP

Any actions agreed as a result of a complaint made will be reported to the Company Secretary who will log them on the central logging system. Follow-up and close-off of actions should also be reported, and will be closed down on the central log.

REPORTING

The Leadership Team will review the Complaints and Concerns log on a cyclical basis. An overview report will be brought at least annually to governors at an appropriate meeting. The annual reporting period will be from 1 August to 31 July.

DISAGREEMENT OVER RESOLUTION

On rare occasions complainants can become vexatious and persistent in pursuit of their complaint despite the College taking what it considers all reasonable steps to resolve the issue, and despite the Complaints Procedure having been followed fully. Should this occur, the College will not enter into further communication regarding the matter.

COMPLAINTS AND CONCERNS PROCEDURE

Note: if a complaint is made against a member of staff, the Human Resources Department will be included in the investigation at the earliest opportunity. This will ensure fairness of investigation and adherence to employment law.

All stages – when regarding a student or client

All documents relating to the concern or complaint should be scanned (if in hard copy) and linked to the student's individual file, using the filing indexing system. If the documentation is confidential, it should be indexed accordingly.

Stage one - informal procedure

All complaints and concerns should, wherever possible, be raised informally in the first instance and, if possible, resolved without resort to the formal procedure. The aim of this is to execute a swift resolution to the issue raised, to the satisfaction of the person raising the concern or complaint.

Concerns and complaints by students or clients

1. Every effort will be made to enable students and clients to communicate their concerns and complaints to any member of staff. They can also be raised by email to: haveyoursay@derwen.ac.uk
2. Any matter raised in this way should be passed on to the Registered Managers who will ascertain, within one working day, the precise nature of the complaint by discussing it with the student or client.
3. Having identified the problem an investigation will commence and a resolution will be suggested, and if agreed by the student or client, will be implemented as quickly as possible. A brief summary of the concern/complaint and the outcome should be sent to haveyoursay@derwen.ac.uk for central logging.
4. Should this not resolve the situation, and a formal complaint is raised, the formal procedure (see below) should be invoked.

Concerns and complaints by parents or guardians

1. Parents and guardians of students or clients are encouraged to communicate their concerns and complaints via email to: haveyoursay@derwen.ac.uk
2. Any such complaints and concerns will be handled in line with the College's Data Protection Policy

3. Any complaint or concern will be passed on to the appropriate person to provide information about the issue(s) raised, and the matter will be investigated. This could include speaking with or emailing (as deemed most appropriate) the parent/carer concerned, and/or with the student or client.
4. The conclusion of the investigation will be communicated as appropriate (but usually in writing) to the complainant.
5. If actions have been identified to resolve/ improve the situation, these will be implemented as quickly as possible.
6. A brief summary of the concern/complaint and the outcome should be sent to the Company Secretary for central logging.
7. Should this not resolve the situation, and a formal complaint is raised, the formal procedure (see below) should be invoked.

3. If further action is required the matter will be referred to the most appropriate manager to follow up, depending on the nature of the complaint or concern.
4. Every effort will be made to provide a formal response within ten working days of receipt.
5. A brief summary of the concern/complaint and the outcome should be sent to the Company Secretary for central logging.

2. The receipt of the complaint will be acknowledged in writing, by email or letter, within one working day² of receipt.

A response will be issued within ten working days of the acknowledgement of receipt.

3. The complaint will be referred to the Principal & CEO who will nominate a member of management to lead on investigating it. The Nominated Manager will be one who is not associated with the area that is the subject of the complaint. (Note: if the complaint is regarding the Principal & CEO, a Director, or all of the Senior Team as a group, this complaints process will be undertaken by a governor, or governors, as deemed appropriate by the Chair or Vice Chair of the Board of Governors, or by the Chair of a Board Committee. Governors will decide the outcome and communicate directly, via the Company Secretary, with the complainant. This decision will be final and not subject to appeal).
4. The Nominated Manager will discuss the complaint with those managers and staff who are relevant to the investigation.
5. External agencies may be contacted if necessary.
6. The Nominated Manager will present his/her conclusions and draft response to the Principal & CEO. If necessary, the matter will be discussed in detail by relevant members of the Senior Team and, if appropriate, the Safeguarding team.
7. Within ten working days of the issue of the acknowledgement of receipt, a response will be sent by email or letter to the complainant, or if more appropriate, by phone. Alternatively, a meeting with the complainant will be arranged to discuss the findings, if that is deemed a better approach. The arrangements for the meeting will be made within ten working days timeframe, the meeting itself may, depending on participants' availability, take place beyond that time limit, but every effort will be made to hold the meeting at the earliest possible date.

Stage three – appeals procedure

This appeals procedure applies to complaints made by students, clients, parents/carers, general complaints or for appeals against dismissal of a student.

2. The appeal will be passed to the Principal & CEO who will nominate a manager and at least one governor to hear the appeal.
3. The Nominated Manager and governor(s) will, at the earliest possible date, review the case and will either confirm or overturn the original decision. The outcome of the appeal will be emailed or posted to the complainant within one working day of the appeal hearing.
